everyone at 8

Steve: A user will have a profile page that displays their profile picture, profile name, their watched shows, favorite shows, comments, and movie reviews.
Sydney: Merged watchVideo page, waiting on Alessandro to merge button. Will work on a page that shows all episodes of a series

Owen: added the ability to enter actors in the upload form, choosing from actors already on the database or entering new actors.

Jorge: Created new post and ratings table (will resolve conflict with Alessandro), Created show view ratings sites, added ratings into view Video Details and user rating scale

Alessandro: Added content pages, my videos page, and attached sydney's watch now button
